

## A Worldwide Directory of PrEP Providers

- PleasePrEPMe.Global launched in May 2017 as a database of PrEP providers hosted as a searchable, web-based directory in the Google Maps platform. PleasePrEPMe.Global aims to be a hub for PrEP access by providing: 1) a searchable map of PrEP providers, 2) individual resource webpages for each country. The project is a crowd-sourced effort which relies on relationships with advocates to reach providers and PrEP users. As of May 2018, there are 535 PrEP provider listings in 29 countries with over 6,000 map views from 1,400 website users.

## Searchable Worldwide PrEP Provider Directory

Ability to sort by clinic type and population served.

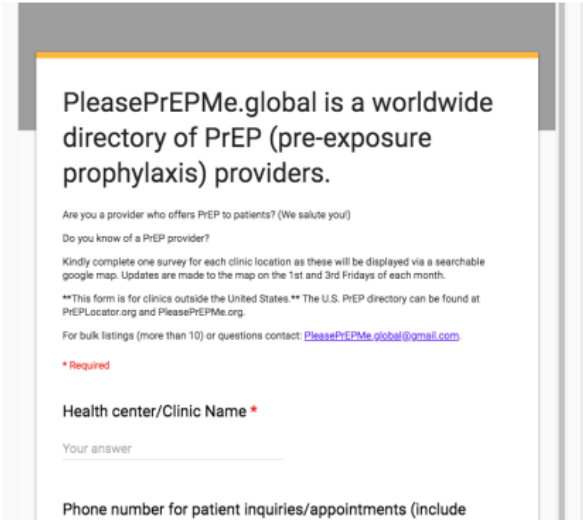

PleasePrEPMe.global directory data is sorted by clinic type: public, private, demonstration study, clinical trial, resource center. Each location includes searchable tags with populations served: everyone, youth, adults, men who have sex with men (MSM), women, mixed-status couples, transgender people, sex workers, people who inject drugs.

## Adding a Provider

---

Individual clinic listings submitted via google forms.  
Bulk upload spreadsheet available.

PleasePrEPMe.global is a worldwide directory of PrEP (pre-exposure prophylaxis) providers.

Are you a provider who offers PrEP to patients? (We salute you!)

Do you know of a PrEP provider?

Kindly complete one survey for each clinic location as these will be displayed via a searchable google map. Updates are made to the map on the 1st and 3rd Fridays of each month.

\*\*This form is for clinics outside the United States.\*\* The U.S. PrEP directory can be found at [PrEPLocator.org](http://PrEPLocator.org) and [PleasePrEPMe.org](http://PleasePrEPMe.org).

For bulk listings (more than 10) or questions contact: [PleasePrEPMe.global@gmail.com](mailto:PleasePrEPMe.global@gmail.com)
